設計概念

DESIGN CONCEPT

MCZ的作品「夏之心」概念源自於他的創作夢境，透過抽象的演繹方式演繹他對「夏的天、夏的海、夏的溫度」的感受，描繪出置身夢境般的畫作。由閃亮的圓球作為一個引點遊走於夢境之中，被美好的夢想與情景包圍。他的作品分為三部分——‘Happy’像鮮花般盛放著夏日的氣息；‘Sweet’訴說著甜蜜的回憶；而‘Treats’加入了香港市花洋紫荊的元素，邀請兩地好友一同進入色彩的夢鄉。

MCZ’s creation ‘Heart of Love’ is an abstract expression of the various colors and feelings associated with the sky, sea and warmth of summer, putting viewers in the artist’s dream that sparked his creative ideas.

A splendid sphere leads you into a dreamscape in three parts: ‘Happy’ captures the vitality of summer when flowers are in bloom, showing off their vibrant colors; ‘Sweet’ uses colors associated with sweetness to conjure up wonderful memories; ‘Treats’ is created using the color palette of Hong Kong’s floral emblem bauhinia, inviting everyone from Macau and Hong Kong onto a colorful journey.
